

**CIRM-FBK, TRENTO-ITALY**  
**CALL FOR APPLICATIONS FOR THE 2013 ACTIVITIES:**  
**CONFERENCES, POSTDOC POSITION, VISITING POSITIONS, RESEARCH IN PAIRS**

CIRM (Centro Internazionale per la Ricerca Matematica, see <http://cirm.fbk.eu/en/home> ) at Trento-Italy, upon proposal of its ADVISORY BOARD, is going to continue and expand its activities in the field of Mathematics Research, in collaboration with the Department of Mathematics of the University of Trento, according to the following program.

**I) Conferences.** This is the traditional activity, which has seen the CIRM organizing more than 250 mathematical Meetings and Conferences in the period 1979-2012.

Applications for the year 2013 should be sent **before September 15, 2012**, by ordinary mail to the address: Fondazione Bruno Kessler, Centro Internazionale per la Ricerca Matematica, Via Sommarive n. 14 – Povo, 38123 Trento or via electronic mail to the address [micheletti@fbk.eu](mailto:micheletti@fbk.eu) , following the usual scheme. In particular they must contain:

- 1) a scientific proposal, with names of possible speakers,
- 2) a rather detailed financial budget, which CIRM will be asked to finance partially (up to 50%),
- 3) specification of the other available or planned financial resources.

**II) Postdoc Fellowships.** The support of younger researchers is one of the vital functions of a research centre; in this direction CIRM opens the application for **an annual Postdoc Position**, for researches in the field of Mathematics in the year 2012-2013.

The fellowship amounts to Euro 23500 gross per year (taxes should be deducted), which will be supplied in 12 monthly instalments, and requires the presence at the CIRM Institute (address Via Sommarive 14, Povo, Trento).

The applications must arrive not later than **September 15, 2012**, by ordinary or electronic mail to the above mentioned addresses. For further information please visit the website <http://cirm.fbk.eu/en/node/134> .

CIRM activities include two more programs, a program of **CIRM Visiting Professors and CIRM Visiting Scholars** and another one of **Research in Pairs**, the latter similar to the one of the Mathematisches Forschungsinstitut Oberwolfach, which expects the presence of two or three partners from Universities located in different towns, who intend to work together at CIRM, on a definite research project for a period of time ranging from one to six weeks.

Applications for these two programs must be sent to the address mentioned above by ordinary or electronic mail. They can be submitted at any time and they must contain a specific indication of the proposed dates for the visit; it is suggested to send applications at least three months before the planned stay since decision making might require a long time. Applications must contain a brief research proposal, a C.V. and a list of publications for each applicant. For further information please visit the websites: <http://cirm.fbk.eu/en/Visiting+Professors> and <http://cirm.fbk.eu/en/node/122> .

The Director of CIRM  
Prof. Marco Andreatta
