The **Universität Potsdam** is offering a

Post-Doc Position in Mathematics

in the **Partial Differential Equations Group** starting from **01 September 2014**. The appointment is initially limited to 24 months. The salary group is E13 TV-Länder (Tarifgebiet Ost).

Field of work
The successful applicant is expected to contribute to the research project *Willmore surfaces in Riemannian manifolds* funded by the DFG.

Applicants are required to have a PhD in Mathematics. Candidates should have advanced knowledge in the field of Partial Differential equations and Geometric Analysis.

Universität Potsdam is an equal oppurtunity employer. Women are especially encouraged to apply. Applicants with disabilities will be preferentially considered if equally qualified.

Please send your application with the usual documentation (curriculum vitae, list of publications, research statement) to

> Prof. Dr. Jan Metzger
> Universität Potsdam
> Institut für Mathematik
> Am Neuen Palais 10
> 14469 Potsdam
> Germany

or by e-mail (PDF format) to

> `jan.metzger@uni-potsdam.de`

The closing date is **31 March 2014**.

For further questions, please contact Prof. Dr. Jan Metzger via the above e-mail address.
