

Postdoctoral Researcher ERC Consolidator Grant HAPDEGMT

One postdoctoral appointment is offered for a researcher in Mathematics with an excellent curriculum vitae having completed a PhD within the last 5 years (or completing his/her PhD by June, 2014). The candidate is expected to work on subjects related to the ERC Consolidator Grant

Harmonic Analysis, Partial Differential Equations and Geometric Measure Theory

<http://www.icmat.es/research/international-grants/martell>

held by José María Martell. There are no teaching duties.

Details

The appointment will be for 2 years, starting during the second semester of 2014 (the starting date will be agreed with the candidate). The place of work will be the Instituto de Ciencias Matemáticas (Institute of Mathematical Sciences) ICMAT in Madrid (Spain).

The contract will be for a gross amount of 39.000€ - 44.000€ / year.

The candidates should be strongly motivated and have a solid background in Harmonic Analysis, PDE or Geometric Measure Theory.

The candidates should send the following documentation:

- A curriculum vitae (max. 4 pages).
- A short (2 pages) description of your past research highlighting your most important results.
- Letter of motivation applying for the postdoc position.
- Two letters of recommendation.

by e-mail to the following address hapdegmt@icmat.es with the subject:

ERC HAPDEGMT Postdoc application (name of applicant)

The deadline for application is **March 23, 2014**.

Successful candidates will be contacted for an interview during April. All the candidates will be informed by the end of April 2014 of the final decision.
