

Full Professor Position

The Institut of Mathematics of Burgundy (IMB) of the University of Burgundy (Dijon, France) is seeking a highly qualified mathematician for a full professor position (Professeur des Universités) in applied mathematics starting in September 2019. We are looking for a candidate whose research profile is adapted to the applied themes of the IMB. Special attention will be paid to the following themes:

- *Optimal control: geometrical aspects and applications*
- *Optimization*

Candidates should be able to collaborate with other disciplines, such as computer science, physics, biology, ...

Contact : Abderrahim Jourani, Director of the IMB (abderrahim.jourani@u-bourgogne.fr)
