

# PDEs @ Essex 2026

A three day conference on  
Analysis of PDEs and Calculus of Variations  
with Applications

<https://www.essex.ac.uk/events/2026/06/08/pdesatessex2026>

8-10 June 2026

School of Mathematics, Statistics and Actuarial Science  
University of Essex (Colchester), UK

## Invited Speakers

Ariel Aguas (University of Essex)

Martin Dindos (University of Edinburgh)

Joseph Feneuil (Université Paris-Saclay)

Georgi Grahovski (University of Essex)

Jinrong Hu (TU Wien)

Nikos Katzourakis (University of Reading)

Zhuolin Li (Max Planck Institute)

Amélie Justine Loher (University of Oxford)

Vitaly Moroz (Swansea University)

Matthew Thorpe (University of Warwick)

Vahideh Vahidifar (University of Sussex)

Phoebe Valentine (University of Warwick)

**Registration:** Registration is free but required. Financial support is available on a first-come, first-served basis for PhD students and early career researchers. PhD students and early career researchers are also encouraged to apply for the opportunity to present a 25-minute short talk. The deadline for funding and short talk applications is May 8, 2026. This workshop is partially funded by the London Mathematical Society and Heilbronn Institute for Mathematical Research and EPSRC.

**Registration form:** <https://forms.office.com/e/3u7yVV73r7>.

**Organizer:** Murat Akman, [murat.akman@essex.ac.uk](mailto:murat.akman@essex.ac.uk)
