

# Black Swan Academy of Mathematics Conference on Geometric Analysis and PDEs

## Venue

The University Club  
of Western Australia,  
Hackett Entrance,  
Crawley WA 6009

## Dates

19-21 August 2026

## Organizers

- Serena Dipierro (UWA)
- Enrico Valdinoci (UWA)
- Riccardo Villa (UWA)

## Speakers

- Yann Bernard (Monash University)
- Tim Buttsworth (University of New South Wales)
- Jesse Gell-Redman (University of Melbourne)
- João Gonçalves da Silva (Adelaide University)
- Andrew Hassell (Australian National University)
- Ramiro Lafuente (University of Queensland)
- Mat Langford (Australian National University)
- Mark Ma (Columbia University)
- Giorgio Poggesi (Adelaide University)
- Artem Pulemotov (University of Queensland)
- Caterina Sportelli (Universidad de Granada)
- James Stanfield (University of Wollongong)
- Jack Thompson (University of Western Australia)
- Neil Trudinger (Australian National University)
- Xu-Jia Wang (Westlake University)
- Yao Yao (National University of Singapore)
- Po-Lam Yung (Australian National University)

*A Theorem is something discovered;  
its proof something invented.*
